## ENEMY RENEWS DEMANDS

### HOLDUP NEAR LIMA FOILED BY ENGINEER

B. and O. Passenger is Boarded By Gang of Bandits at Cridersville

Engineman Refuses to "Cut Loose" When Shots Are Fired—Robbers Flee

Bandits were foiled in their attempt to hold up a B. & O. passenger train early this morning near Cridersville by Engineer Joseph Thompson, 605 east Market street. It is understood the baggage car, the thugs sought to have cut from the train contained a shipment of currency amounting to \$155,000.

The money was being sent from Detroit to Cincinnati, it is said. Despite the fact that the bandits fired a number of shots at the engineer, he refused to cut his engine from the baggage car, as ordered.

**BANDITS BOARD TRAIN.** According to information from Cridersville, the train going south, was boarded by the bandits. Their number is not known. The train No. 57, had stopped at the village to allow the northbound B. and O. passenger train to pass it, when the robbery was attempted.

The bandits remained on the train until the southbound passenger approached. During this time they fired a number of shots at the engineer in their attempt to force him to cut loose his engine. Meanwhile they had cut the air connection between the engine and cars, making it impossible for the train to stop with the engine on it.

**GANGSTERS FLEE.** With the approach of the southbound train, and the illumination caused by the powerful head light, the bandits, fearing detection, and realizing that the engineer would not obey their commands, fled.

The Lima police department was notified, but were unable to send any officers to the scene because it was out of their jurisdiction. Auglaize county officials will investigate the attempted holdup.

The southbound train, upon which the attempted robbery was committed, arrived safe in Cincinnati this morning.

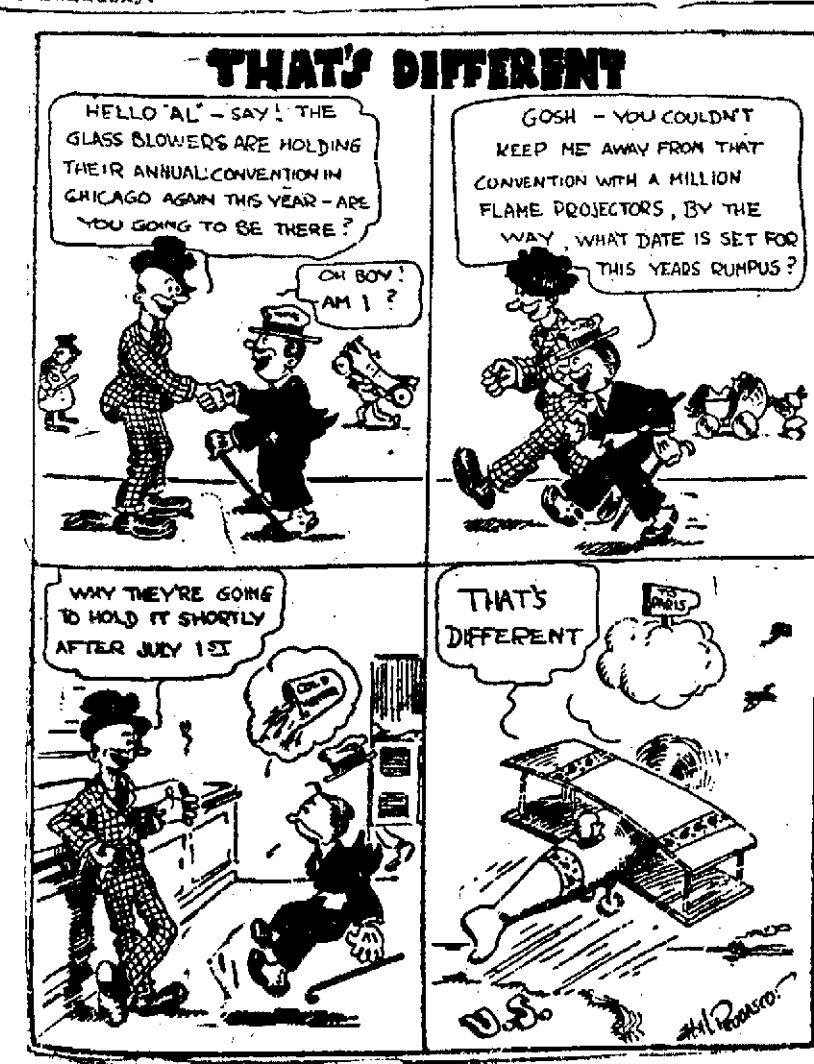

It is probable that an investigation of the attempted holdup will be started at once.

### Woman Is Killed; Husband Jailed

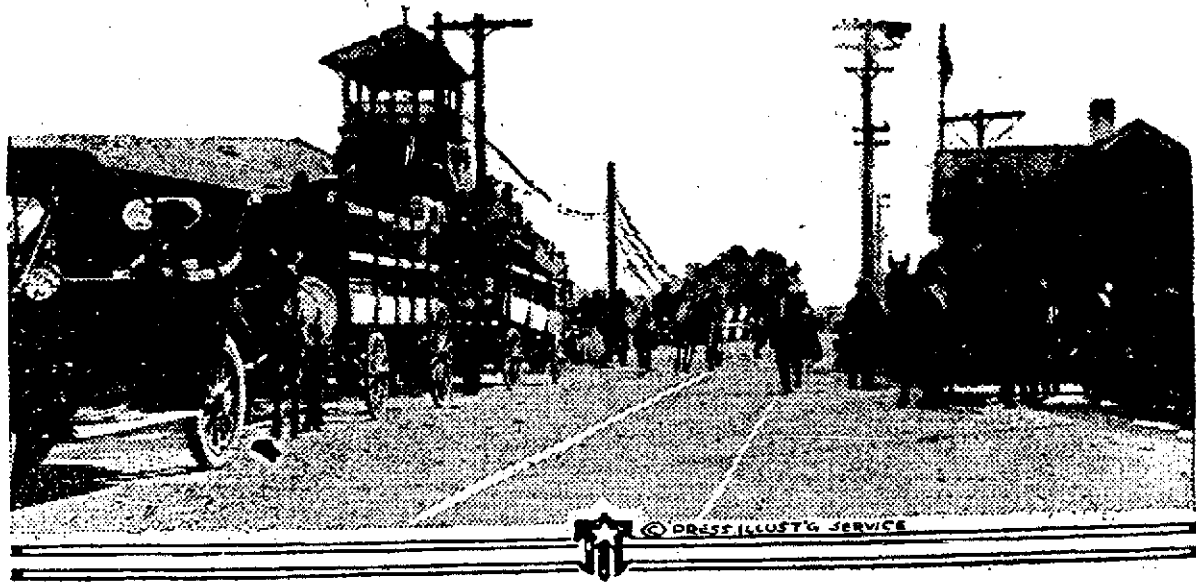

**CLEVELAND**—Mrs. Gertrude Noel, 26, was shot and killed at her home today. Two hours later detectives arrested her husband, Wm. R. Noel. He was charged with murder. Police said he denied the shooting. Detectives say that before Mrs. Noel, 26, was shot and killed at her home and wounded her slightly in the head.

Mrs. Steffner was shot, police said, as she sought to protect her daughter.

**HUNDRED VIEW U-BOAT CLEVELAND**—Hundreds today viewed the German submarine WC-97 which docked here last night. The boat, 191 feet long, will be used by navy recruiting officers. It is expected to leave late tomorrow for Sandusky.

### MEXICAN REFUGEES SEEK PROTECTION OF U. S. WHEN VILLA THREATENS

Mexican refugees with their belongings passing over international bridge into El Paso.

### RICH OHIO WOMAN'S DEATH IN CHICAGO FORMS PUZZLE

Mrs. Anna Pocock Found Dead in City Hall Square Hotel

Identified by Son—Widow's Male Companion Quickly Disappears

**CHICAGO**—Death of a woman in the City Hall Square hotel, 37 west Randolph, has presented the police with the most baffling case in recent months.

They believe she was murdered, tho so far investigation has failed to disclose the cause of death. A man who accompanied her and registered as husband and wife, disappeared during the night, no one having seen him depart.

It might be called the case of a thousand angles. Letters, notations in a personal notebook, with names, addresses, cryptic references, and other data found in the woman's handbag, carry one all over America and across the Pacific ocean into the Orient. Only the dead woman and the persons named in abbreviated fashion can interpret the notebook.

#### A WEALTHY WIDOW.

The woman was identified at the Western Casket company, 177 North Michigan avenue, as Mrs. Anna Pocock, a wealthy widow, formerly of Canton, O., but who prior to and since the death of her husband in 1914 has been living in Chicago, lately at 4338 Winthrop avenue.

She was identified by her son, Harry F. Pocock of 334 East Fifty-sixth street. However, his identification only added another element of mystery to the case. He displayed no emotion when he viewed the body and said he had no theory as to how she met death.

#### WILSON ASKED TO SPEAK AT METHODIST MEETING

**CHICAGO**—President Wilson today was asked to speak to 50,000 Methodists at the joint centenary exposition at Columbus, July 4, Alonzo Wilson, director of the exposition plans, announced here today.

The invitation was cabled by the bishops of the Methodist Episcopal churches North and South, Wilson said.

### FEELS 'HONORED' BY ENEMY'S SLAM

Burleson Cites Mail Tube Row As Reason for Congressman's Attack

**WASHINGTON**—Postmaster General Burleson, commenting in a letter to Representative Buchanan of Texas on the attack delivered against him in the house by Representative Gallivan of Boston, said that he "felt honored by the disparagement of such a man," and declared Congressman Gallivan was angered at him because he induced congress to abolish the pneumatic mail tubes, in which Gallivan was a stockholder.

Representative Gallivan said it was the unanimous sentiment of the country that Mr. Burleson is "the biggest and most complete failure as a public official that the country has ever produced."

Representative Buchanan asked the postmaster general the reason for Representative Gallivan's hostile feeling toward him and Mr. Burleson replied, in part, as follows:

"I beg leave to direct your attention to the fact that upon my recommendation the pneumatic tube service has been discontinued. For years this useless appliance was an incubus on the postal service, occasioning waste of millions of dollars of postal revenue."

"Every postal expert now agrees that the prediction of the late Mr. Justice Moody, made when he was a member of the house at the time this bankrupt commercial concern was unloaded on the department that it would ultimately prove a stain on the postal service, has been thoroughly verified."

### EDITOR RECEIVES U. S. SECRET NOTE

New York Magazine Writer Says Document Came to Him Anonymously

**NEW YORK**—Max Eastman, editor of the Liberator, a radical magazine, said today he was perfectly willing to tell secret service men or anyone else how he came into possession of what he says he believes is a copy of confidential state department communications regarding Russia.

"The document came to me anonymously," he said. "There was a note attached to it, which said it had been found in a wastebasket."

Eastman caused a sensation when he produced the copy of alleged government paper last night at a meeting of radicals in Madison Square Garden.

The document, marked "green and cipher" and "very confidential," was purported to be a cable sent by Assistant Secretary of State Polk to Secretary Lansing in Paris, January 24. It said there was criticism in America of the administration's Russian policy, and that President Wilson should know the facts before taking money from his private fund to operate the Siberian railway.

Secret Service men were expected to question Eastman today as to how he came into possession of the document.

### VAST STORES OF LIQUORS MAY BE LOST TO OWNERS

70,000,000 Gallons Expected to be "White Elephant" When U. S. Goes Dry

Small Quantities to Seriously Ill Only, Say Prohibition Chiefs

**WASHINGTON**—Vast stores of distilled liquors—estimated at 70,000,000 gallons—may become a "white elephant" on the hands of its owners, if present plans for prohibition enforcement are carried through.

"Drys" today said their plans do not include any measures for disposal of the liquor, and "wets" declare they have little hope of mustering enough strength to pass provisions to allow manufacturers to dispose of it profitably.

The only provision for disposal dry leaders will agree to, according to Chairman Volstead, of the house judiciary committee, is to allow physicians to prescribe not more than one pint every ten days for persons seriously ill. This will be headed with strict limitations, Volstead said.

Representative Igoe, Missouri, who has been fighting prohibition, today said he had little hope of getting legislation to allow export of the liquor.

**SEES TOTAL LOSS** "The distilled liquor now held probably will be a total loss," said Igoe today. "Strict laws against transportation of intoxicants will prevent its export. The beer and light wines held by manufacturers very probably also will be a complete loss. Any material for making beer and wine can of course largely be used in near-beer and other drinks."

"Former Chairman Webb, of the house committee, when the constitutional amendment for prohibition was considered, promised the liquor interests one year to dispose of their stocks and that is why the amendment goes into force one year after the 36th state ratified it."

Efforts will be made in the house committee today to strike out the provision of the Anti-Saloon League that it is a crime to have any recipe in one's possession for making intoxicating liquors.

This would mean the elimination of all the pamphlets now being published advising how to make all kinds of drinks in the home. "This plan is ridiculous," said Igoe, "because it is almost impossible to enforce. Housewives would have to go through cook-books and cut out and destroy all the beer and wine recipes as well as looking through all their old books to see if the liquor-making advice is hidden anywhere."

**WAR TIME PROHIBITION** The judiciary committee also today will vote on Representative Gard's plan to give the president specific power to set aside the provisions of the enforcement that affect war-time prohibition, if he believes the emergency for which the act was passed is over. Drys on the committee are solid against any move that looks toward repeal of the war-time act, as is reflected by their recent vote in the committee of ten to three against a repeal.

### ALLIES STILL PREPARE WAR AGAINST FOE

Entente Taking No Chances As to Germany Signing the Treaty

Armies and British Fleet Ready to Swoop Down on Enemy

**PARIS**—The rapid political developments in Weimar were expected to result in formal announcement today that Germany will sign the peace treaty—more than two days ahead of expiration of the time limit.

A new cabinet, replacing the fallen Scheidemann ministry, was believed here to have been formed overnight. This body, supposedly pledged to acceptance of the terms, was expected to communicate its decision to the national assembly today for ratification.

In spite of the optimism in peace circles here, allied military and naval authorities continued preparations for possible resumption of hostilities. The British fleet was reported to be ready to swoop down upon the German coast. Marshal Foch, Gen. Billes, Gen. Robertson and Gen. Cavaliere went over the military plans with the big four last week.

Foch's plans were said to have received unanimous approval.

**BERNE**—Mathias Erzberger, chairman of the German armistice commission, declared in an interview that "Germany's only refuge now is the league of nations," a Weimar dispatch reported today.

The German press, according to the latest advices, is now unanimously in favor of signing the treaty.

**VERSAILLES**—That the Germans have given up hope to resume negotiations was indicated by the fact that the 120 enemy representatives remaining here were engaged today in sending to Germany as rapidly as possible all books and papers, as well as telephonic and telegraphic installations.

### SHIP HITS SHOAL

Steamer Aground Near Cape Cod—Passengers Rescued

**BOSTON**—The steamer Northland, of the Eastern Steamship company, went ashore early today at the entrance of Cape Cod canal on the Buzzard's bay side, according to a radio message received here.

The message added that the passengers and freight were removed in small boats to West Island.

The Northland was in command of Capt. Snow and was believed to have gone ashore in a dense fog. The steamer was bound for Boston from New York and was due to arrive here at 7:30 a. m.

### NAME CANDIDATES

Delphos Men Announced For Municipal Offices

**DELPHOS**—Candidates for municipal officers are: Democrats—Mayor, E. L. Jauman; auditor, W. H. Schaffer; treasurer, Stephen H. Wahmhoft; solicitor, W. S. Kimball; president of council, A. F. Schmeuckle; councilmen, John H. Altenburger, C. F. Lehman, W. A. Krieff, Albert W. Mox and John B. Lehmkuhle; assessors of second and third wards respectively, Edward C. Stegeman and Henry Bergfeld. Republicans—Councilmen: H. G. Bradshaw, Isadore Fogelin and F. O. Brotherton.

### CHIEF 'BILL' DEAD

Picturesque Character in New York Politics Expires

**NEW YORK**—Plans were being made today for the funeral of Wm. S. Devery, former New York chief of police and one of the most picturesque characters in this city's political history.

## PLAN TO FORM GERMAN PEACE CABINET FAILS

Democrats Refuse to Join President Ebert's New Government Unless the Allies Make More Concessions.

Now Ask For Flat Indemnity Sum, Withdrawal of Request for Kaiser and Immediate League Admission.

**WEIMAR** (Friday night)—President Ebert failed in his efforts to form a new cabinet today, owing to his inability to obtain support of a majority of the political leaders here.

The conference of political chiefs, in which the attempt to organize a new ministry was made, adjourned after a long session. Adjournment was forced by refusal of the Democrats to join in the new government unless certain further concessions were made by the allies.

As a result of this deadlock, Ebert immediately dispatched a note to the allies, notifying them he was unable to form a government and making the following demands:

- 1—Fixation of a flat sum of \$25,000,000,000 for indemnities.
- 2—Withdrawal of the allied demand for surrender of the former kaiser.
- 3—Immediate admission of Germany to the league of nations.

The note will be delivered to the allies in Versailles by Secretary von Haniel, of the German peace delegation.

If the allies' reply to the note is favorable, it is regarded as likely the Democrats will join in forming a new cabinet favorable to the acceptance of the terms. Support of the Democrats apparently would make this easily accomplished.

In the event of an unfavorable reply, it was thought, Ebert would make another effort to form a cabinet without the Democrats.

### PEACE PARTY PLANS

**WEIMAR** (Friday)—The new German cabinet, now in process of formation, will sign the peace treaty, according to the plans of political leaders today. Afterward the German people will be asked to ratify this action in a nation-wide referendum.

The national assembly, scheduled to meet tomorrow (Saturday) for final action on the terms, already indicated through party caucuses a strong sentiment in favor of signing. While the nationalist party members voted unanimously against acceptance, the dominant coalition of majority Socialists, centrists and Democrats registered its approval of signing.

President Ebert who was said to have decided to stand or fall with the Scheidemann cabinet, apparently had changed his attitude today. He called the party chiefs together, for a secret conference, obviously for the purpose of selecting the personnel of the new ministry, which was expected to be announced tonight. The belief prevailed that Ebert would be able to hold out, and probably would dominate the new government.

**MAY NAME DAVID** Dr. Eduard David, president of the national assembly, appeared to be the most likely candidate for chancellor. Opposition to Gustav Noske, present military governor, was growing, and Hermann Mueller was reported to have stated he would refuse to head the government if asked. Chancellor Scheidemann was continuing to conduct governmental affairs until the new cabinet was ready to resume office.

Reports were being circulated that a plan was on to have the treaty signed "under protest." It was said that at least three reservations would be made—continued opposition to turning the former kaiser over to trial by an allied tribunal, demand for fixation of a lump sum for indemnities and plea for immediate admission of Germany to the league of nations.

General Below and Gen. Gruner arrived here today to discuss the situation in the east, in the light of the latest developments.

### HOLD 'OHIO DRY' Flyer Back From Mystery Voyage

Campbell and Nichols Address Methodist Meeting

**COLUMBUS**—This is "Ohio Day" at the Methodist centenary exposition.

Former Gov. Jas. E. Campbell, chairman of the day, opened the exercises in the coliseum at 11 o'clock. Chief Justice Hugh L. Nichols, of the Ohio supreme court, addressed the hundreds of Ohioans who have arrived from all sections for the celebration.

Gov. Cox was unable to be present on account of illness.

In addition to the Ohio day festivities, two other programs were scheduled, the Sabbath Observance Association and Southern Asia days. The former was held this morning in Bashford hall with Bishop Wm. Anderson, of Cincinnati, as principal speaker.

**WILL TRY AMERICAN** COBLENTZ—Gen. Liggett today appointed a court martial to try Robert Minor, American newspaperman, charged with circulating Bolshevik propaganda among allied troops in the Rhine districts. Gen. Summerall will be president of the tribunal, which will begin its sittings next week.

### SOLDIER KILLED.

**AKRON**—Private Nathaniel Patton, Croton, W. Va., stationed at the Wingfoot Lake naval aviation base here, was killed, and nine other soldiers and sailors were injured early today when an army truck loaded with men overturned on its way from Akron to the station. The truck overturned when it struck a farm wagon.

### INJUNCTION AGAINST COMPANY DISMISSED

Injunction against the East Iron and Machine company to prohibit the use of plans said to be in their possession for the manufacture of a dough mixing machine in favor of the Werner and Pfleiderer company, Saginaw, Mich., was dismissed in common pleas court Saturday morning.

Anton J. Wild, former engineer of the Saginaw plant, but now in the employ of the East Iron company, it was alleged had brought the plans to Lima.

# TOLEDO SHIPBUILDERS COMING FOR RETURN GAME SUNDAY

## Less In Fine Condition Says Joe Chip

By H. C. Hamilton  
United Press Staff Correspondent

TOLEDO.—Joe Chip probably knows more about the condition of Jess Willard than any man who has approached the big champion, Joe declared today that he believes Jess is in fine shape.

The Chips are punners. Joe can punch with many a heavyweight and get the better of it. He has been ramming his heavy hands into Jess' abdomen, socking them into his chin and head, and flinging them about with a recklessness that would mean curtains for most middleweights.

CAN'T HURT HIM

"Gee," he said, "I can't hurt that big fellow. I've been slugging him with everything I've got. I can punch, too, but I can't make an impression on Willard."

"If Dempsey hurts Willard he's got to hit him mighty hard. He's in condition and will better as he goes along. I think he's right."

Joe admitted without argument that Dempsey will be punching much harder than a Chip when he starts after Willard, and he likes the challenger. He also admitted he was having success in rocking Willard's head with the snappy hooks he has been crashing into the big champion.

"But they don't hurt him a bit," he said. "I could hit him till I dropped and he wouldn't worry about my punches."

Chip is continuing to show the critics that Willard can be reached with right and left when a fast man is after him. Yesterday he punched and slammed with the champion and had no trouble at all in hooking lefts into the side of Willard's head and crossing right to the jaw. Chip's work has convinced me that any man smaller than Willard who can move his arms fast can get in close and batter away at the champion heavyweight jaw of the world.

RICKARD SAYS

Tex Rickard had something to say of the condition of the boxers.

"That boy is a mea of iron," he remarked of Jack Dempsey. "I never before saw a boxer trained to the condition of that fellow. He looks positively tireless, and fast as lightning. He undoubtedly is one of the greatest specimens of manhood that ever lived."

Going back into history, Tex gave out the information that Jack Johnson weighed only 203 pounds the day he fought Jeffries in Reno, Records

## May Select Referee For Big Bout Today

TOLEDO.—A referee for the bout on July 4 between Jess Willard and Jack Dempsey may be selected today. No official announcement of such an occurrence is believed near, but indications are that behind closed doors there will take place a conference that will settle all arguments over who is to be the third can in the twenty foot enclosure. The army, navy and civilian board of control's selection for the official have not been made, nor is there any inkling of who will be placed on this list, but it is certain that every man the board dis favors to will be taken up in today's discussion.

## Watching the Scoreboard

Yesterday's hero—Hal Chase. His single in the eleventh, with two on bases brought home the bacon for the Giants, making it four to two over St. Louis.

A cloudburst of twenty runs, 25 hits—among them being three home runs, three three-baggers and eight two-base singles—hit Connie Mack's park. All eight innings, when darkness called a halt, Detroit got eleven of the runs.

This boy Ruth has the habit. He pitched a steady game; knocked in the tying run with a triple, and came in with the winning run himself, beating St. Louis, 3 to 1.

The Dodgers couldn't duck the timely swatting and the excellent pitching of Bailey in the last half of the game, and lost to the Cubs, 6 to 5.

## Will Seek Revenge For First Defeat

The Lima Independents will meet the Toledo Shipbuilders for the second contest of the season with the Maumee river aggregation of baseball players, Sunday afternoon at the Murphy street diamond.

Primed for the contest, the Toledo team is coming to the city, according to their own admission, to go back to their home with the long end of the score. Whether they are capable of doing this remains to be proven.

In their first contest with the Independents, the Lucas county team failed to connect with the horsehide for one safe bingle, while the locals collected two runs from them. With this in mind, they are coming to Lima, seeking revenge for their defeat.

Dull and Goede, both reputed to be distinctive hurlers, will accompany the team to this city, in an endeavor to take the long end of the score from the Independents. The Shipbuilders management has not yet decided which of the men will start in the box for them.

Pierce is the probable candidate for the slab for the Lima team. His performance during the first exhibition between the locals and the Toledo team gives him a place among the best of semi-professional players in Ohio.

Pierce pitched a no-hit game against the shipbuilders when they first appeared in Lima.

## Malone Downs Downey At Canton

CANTON, O.—Bryan Downey, Columbus, had trouble holding his bearings against the cyclonic attack of Jack Malone, St. Paul, in a twelve round welterweight bout in the Canton city auditorium last night. Malone's superiority was demonstrated throughout the event and he was credited with five rounds while Downey took the lead in but one.

Malone, went through the last round so fast that the Columbus lad had difficulty in finding him.

Best grade of Flour \$12.50 per bbl. at Dorsey's.

MERGER APPROVED.  
CHICAGO.—Alliance of the National American Train Dispatchers' Association with the "big four" of Railroad Men's Brotherhoods was voted by the former organization here today. The step had been advocated for many months as in line with the dispatchers' policy of supporting all movements tending to better the wages or working conditions of all classes of railroad employees.

SPECIAL SESSION SEEN.  
INDIANAPOLIS.—Governor Goodrich probably will call a special session of the Legislature within the next week to ratify the suffrage amendment.

## Now Is a Good Time To Drive Out Catarrh

The Trouble Is In the Blood.  
Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrhs and other blood disorders with S. S. S. during warm weather, and thus free the system from all impurities.

cated. Popular location in west-  
end. Also one close to Graum-Bern-  
stein factory. Call Box 269, care News.

NEWSPAPER

## Short Shavings

The village was all agog. Flossie Flatteet was marrying William Giles. The church was crowded. Flossie, looking as pale as her somewhat highly colored countenance would allow, bore up until the plain gold ring was safely on her finger, and then overcame, she burst into tears.

The villagers were touched, but not anxious. All girls cry at weddings. Then suddenly William Giles screwed up his face and broke into howls. Tears poured down his face and dripped off his whiskers.

"What's up? Hush, man!" those

**BURNS—SCALDS**  
Bathe with Brazilian Balm or half Balm and half warm water. Keep this up for 20 minutes or so, till the smarting is relieved. It will then heal quickly. Worth its weight in gold for this.

nearest him urged. But Giles continued to howl, and at last burst out: "Let me be! I feel wuss than 'er about it!"

A Chicago paint salesman bought the only remaining sleeping car space. An elderly lady next him in line in front of the ticket window burst into tears.

"I must have a berth in that train," she exclaimed. "It's a matter of life or death!"

The salesman gallantly sold his reservation to her. Next morning his wife was astonished to receive the following telegram from her husband:

"Will not arrive until tomorrow. Gave berth to an old lady last night."

"What do you do up in Montreal, Mr. Warman?"

"I work for the Grand Trunk," said Warman.

"What kind of a job have you got - do you sell tickets or handle baggage?"

"Oh, I've got a better job than either of those," said Cy. "You know the man who goes alongside of the train and taps the wheels with a hammer to see that everything's all right? Well, I help him listen."

### DECIDEDLY DIFFERENT

Ask for GRAHAM'S ICE CREAM. It is made rich and clean, smooth as velvet. Our cows are now on full grass and we are producing purest cream ever. GRAHAM'S ICE CREAM is sold in more than one hundred places in Lima and you will find it much better than last year when we had to use corn sugar instead of good granulated sugar. Insist on dealer giving you GRAHAM'S ICE CREAM as it is decidedly different than all others.

### CAPTAIN MADE CHIEF

Tiffin, Ohio—Mayor Eidt has appointed Captain John Gragg to the position of Chief of the Tiffin Fire Department, succeeding Albert Harris resigned. Gragg has been a member of the department for 28 years.

### SCALDED TO DEATH.

Hamilton, Ohio—Wayne Forest McDaniel, three-year old son of Mr. and Mrs. Arthur McDaniel, 471 Walnut street, fell into a wash boiler filled with hot water and was scalded to death.

### KODAK FINISHING.

Leave your films with us for the best possible results in finishing and enlarging.

HELSEY'S PHOTO SHOP. Over the Webb Co. 56 1-2 Pub. Sq.

### FLIGHT DELAYED.

DAYTON -- Capt. Roy N. Francis will not leave McCook field at Dayton before next Tuesday, and possibly later, on his flight to New York, where he begins a one-stop trans-Continental flight from that city to San Francisco. An accident occurred while testing the motors of the plane yesterday damaging the tail assembly, delayed the get-away scheduled for Saturday.

### AIR SERVICE PLANNED.

CHICAGO.—An eight-hour mail service between New York and Chicago will be started tomorrow. It was announced today by Oliver J. Sprout, Chief of the Chicago Bureau of Aerial Mail. The first plane will leave New York at 5 a. m., he said, and will arrive in Chicago at 1 p. m.

Purina Scratch Feed, Purina Chick Feed, Purina Chowder, Purina Cow Chow, Purina Pig Chow, at Dorsey's.

### BRAZIL CHIEF HERE.

NEW YORK—Dr. Epitacio Pessoa, President-elect of Brazil, left here for Washington today to pay his formal respects to the United States government. The Brazilian boarded a special train at the Pennsylvania station. He spent the night in the presidential suite at the Waldorf-Astoria hotel.

## Saving Paint

Don't save paint by letting your house go without it. Cheaper far to save the house than the paint.

Dutch Boy white-lead, mixed with pure linseed oil, spreads easily, covers thoroughly, and does not blister or crack, no matter how severe the assaults of sun, rain, or snow.

Our assortment of paint, oils, varnishes, etc., is of best quality throughout.
